The Skoda ENYAQ 210kW 85 Sportline Plus 82kWh is an electric vehicle designed for those who appreciate performance and innovation. Its electric powertrain ensures a smooth and efficient drive, while the automatic transmission provides ease of handling. This model features a range of driver assistance options, including adaptive cruise control and lane assist plus, enhancing the overall driving experience with modern technology. The vehicle also offers multiple drive modes, allowing for a customised driving experience suited to various preferences and conditions. Aesthetically, the Skoda ENYAQ is both stylish and practical. The white paint finish, coupled with body colour bumpers and door mirrors, creates a sleek and cohesive look. Chrome roof rails and gloss black radiator grille add a touch of sophistication, while the sports bumpers and black Skoda lettering on the tailgate subtly emphasise its sporty character. The full LED Matrix beam headlights, LED rear lights, and privacy glass contribute to its modern appearance, ensuring the vehicle stands out on the road. Inside, the ENYAQ is equipped with an array of features designed for comfort and convenience. The interior boasts a 13" touchscreen display with a satellite navigation system and Skoda Connect iV remote services, providing seamless connectivity. Heated front sport seats and a tri-zone climate control system ensure comfort across all journeys. Safety is prioritised with features such as blind spot detection, front assist with assisted automatic braking, and multiple airbags, making it a reliable choice for families and individuals alike.
