

## MINI Countryman 1.5 Cooper ALL4 5dr | Jun 2017

**£13,495**

### ALL4 - 4 WHEEL DRIVE SYSTEM

This MINI Countryman Cooper comes with the highly praised, ALL4 4 Wheel Drive system, this ensures sportier handling and improved versatility to even further enhance the everyday practicality of the MINI Countryman range. It's fast, precise and efficient, giving improved traction, stability and agility in all conditions. But how does it work? Unlike traditional 4 Wheel Drive systems, MINI ALL4 defaults to a 70/30 split rear to front and is able to divert 100% of power to the rear wheels, All4 starts at 50/50 and is able to re-allocate up to 100% of power back to the front wheels. The clever system will read the road conditions to also make the vehicle more efficient - As an All4 equipped MINI reaches motorway speeds, it sends less and less power to the rear wheels as you go faster. Very Clever Indeed!! The MINI Countryman Cooper ALL4 provides all year round driving pleasure, impressive technology which not only optimises traction and stability on snow and ice, wet and slippery surfaces and loose terrain but also perceptibly increases agility on bends. See our 5\* Reviews Presentation Videos are available. Home delivery within NI from only £99. Cars are HPI Checked. Bank Transfer, Debit and Credit Card Payments Accepted\*\*.
