Here we have a Peugeot Expert Professional Premium van, a diesel-powered workhorse with a 2.0-litre engine. This particular model, the BlueHDi 1400 Professional Premium, was registered in 2022 and boasts the Euro 6 emission standard. It's a six-door panel van that has had only one previous owner and has been meticulously maintained with a full dealership service history. With very low mileage of just 14,425 miles, this van is ready for plenty more work. You can also drive away with peace of mind thanks to the included 12-month warranty.

This Expert stands out from the crowd with its impressive payload weight of 1400 kg, meaning it can handle heavier loads than comparable vans. The robust engine delivers 145 bhp, providing ample power for navigating city streets and motorways alike. This combination of payload and power makes it a compelling option for businesses seeking a reliable and capable vehicle.
