With 10.25 Satellite Navigation. April 2024 first registered. One keeper from new. KIA Niro HEV (Self-charging hybrid) LEVEL 2 with 1.32kWh li-ion battery combined with 1.6 GDi petrol engine. 139bhp. 6-speed DCT automatic gearbox. This car does not require plug-in to recharge the battery. The battery recharges via energy recuperation, converting kinetic energy during braking into electrical energy and energy input from the petrol engine to recharge the battery. This car will drive solely on electric power when certain conditions are met. Interstellar Grey metallic paint. With 2,261 miles. CO2 100g/km. The presentation of this car is good. On the exterior body panels there are no obvious visual heavy scrapes, scuffs or scores on any of the panels. To be fussy we observe a stone chip on the upper section of the front bumper just below the bonnet shut panel to the RHS of the KIA badge - we have touched in this mark. The 16 diamond cut alloy wheels have no obvious visual curbing marks or corrosion. All four tyres are premium brand Kumho. The NSR and OSR tyres have minimal wear. The NSF and OSF tyres have 7.50mm tread, so again minimal wear. With tyre inflation kit. The interior is in a good standard of condition. There is no visual wear and tear on the grey cloth upholstery. There are no obvious visual heavy marks on the cabin trim panels or plastics. Though to be fussy we do observe light surface marks on the front seat rear back plastics when viewed from a rear seated position. Non smokers car. 2x remote keys are present. The balance of KIA's 7-Year/100,000 mile warranty applies subject to continued manufacturer recommended routine servicing conditions met
