Genuine MK5 Golf GTI 2007 5dr DSG

- 122,600 miles - runs well and pulls strong
- 2.0TFSI DSG - great power, smooth shifts
- Good service history - well looked after
- VW RCD330 head unit w/ Apple CarPlay & Genuine VW Reversing Camera - modern tech upgrade
- New Discs & Pads all round last year
- MOT until May 2025

The Good Bits: Drives great, DSG is smooth Upgraded headunit with Apple Car Play Genuine VW Reversing Camera from MK6 Golf Hard to find a clean example, especially in NI Selling as I needed something bigger for the family

The Honest Bit: Passenger wing has rust - common on these. Replacement wings are easy to come by. Cheap to replace. I don't have the time to sort this myself.

Otherwise a great motor, first to see will buy.
