

## Ford Fiesta 1.25 Zetec 3dr [82] | Feb 2009

WELL LOOKED AFTER

**£1,675** O.N.O

~~£1875~~

MOT to 26th September 2025.  
 132,700 miles  
 FSH since I owned it from March 2017.  
 Has never failed to start.  
 Ford roof bars. (we used for surf boards)  
 All electrics working incl. windows, air conditioning and radio.  
 Radio controls on steering wheel.  
 Bluetooth connectivity for speaking hands free.  
 Four fresh tyres.  
 Good bodywork for being 16 years old, just a couple of small areas of rust, hardly noticeable.  
 Selling because we have a 10 month old and need a 2nd larger car.  
 Timing belt was done just after I purchased it in March 2017, at 74,000 miles on the clock.  
 Only negative is for around two years water trickles down into the boot when raining. I managed it with dry rags stuffed under the rear lights in the boot to soak it up, and swap the rags for dry ones every couple of months. I also used the rubber boot mat shown and the water trickles under it not over it, so there is still dry boot space for groceries etc. The car is too old to spend money on it to diagnose and repair. Comes with spare wheel.
